

Construction Control Inspector, S-0809-09

RAF Mildenhall

Vacancy Number: 100 CES VA21 RPA 179428

Closes: 4 April 2021, 23:59

37.5 hours per week

£14.58 per hour

Main Purpose

The 100th Civil Engineering Flight at RAF Mildenhall are looking for a Construction Control Inspector to provide effective inspection and oversight of contractor-provided operations and maintenance activities.

As a Construction Control Inspector, you will perform inspections on a variety of complicated structures involving difficult and complex operations and maintenance activities. This may also involve sophisticated mechanical, electrical, or hydraulic systems and equipment.

You will accurately interpret plans and specifications to ensure correct procedures are followed while routinely providing effective technical assistance to ensure changes are properly incorporated into plans and specifications.

It will also be your responsibility, as a Construction Control Inspector to conduct thorough pre-final inspections of work for acceptance and compliance while accurately inputting and retrieving information from our civil engineering computer systems. You will comply with health, safety and environmental rules and procedures while performing work in a manner that enhances the safety of the work environment.

Knowledge and Experience Required

- Knowledge of construction inspection practices and procedures involved in the inspection of building materials, workmanship, utilities, and the installation of systems; and the practical methods and techniques of engineering principles relating to complex construction practices and procedures is required.

- Highly desired that the incumbent holds HND/HNC/BTEC, City and Guilds, NVQ, or equivalent qualifications in an appropriate discipline, together with a minimum of 5 years work experience in the trade.
- Anglian Water Certification, higher pressure jetting, sewage plant working, unvented hot water and Gas certification desirable.
- Knowledge of electrical, mechanical, and structural aspects of major construction projects is required.
- Knowledge of inspection and safety practices and procedures in the construction industry is required.
- Knowledge of engineering and architectural plans and specifications to read and interpret construction requirements is required.
- Knowledge of construction trades, algebra, geometry, and trigonometry is required.
- Ability to communicate effectively, both orally and in writing is required.

Other Important Information

- Hours of work will be 08:00-16:30
- Work may frequently require travel away from the normal duty station.
- Work may require the employee to drive a motor vehicle. **A category B driving licence is required, please provide a copy with your application.**
- The position requires the knowledge of numerous regulations and codes of work. From time to time, there are various courses that must be attended to keep up to date with new practices, materials and safety regulation.
- Must be prepared to undergo immunization required for persons working on sewage systems.
- May be required to wear personal protective equipment when performing on-site inspections.
- May be required to perform other minor duties not described above, outside normal scope of work but within the grade requirements.
- Must be able to satisfactorily complete/obtain an applicable UK security clearance.
- The job holder will be required to attend bi-yearly instruction/examination with the construction training board to hold certification which will allow the job holder to access site works that are in the control of the contractor, this will have to be completed after employed by LNDH as this is an employer's requirement.
- Position may be coded as mission essential.

Benefits

- Paid Annual Leave
- Paid Sick Leave
- Pension Scheme
- Life Assurance Scheme

Who Can Apply

Citizens of the U.K., Nationals of European Community (EC) Countries, and Commonwealth Citizens, other Foreign Nationals, and Stateless persons provided no restrictions have been imposed as a condition of continued residency in the UK.

Applicants who have a minimum of five years consecutive residency in the UK are considered for this position; however, those who do not meet this criteria will be considered on a case-by-case basis. All successful applicants will require a security clearance.

Please note pre-appointment security clearance requirements may delay start date.

Proof of identification in the form of a photo ID will be required, for example a driving licence or current passport.

This position may have certain restrictions to US citizens due to the Status of Forces Agreement.

For additional information contact the LNDH team on 01638 544955.

How To Apply

Interested candidates must complete an application form obtainable from the Civilian Personnel Website; https://www.mildenhall.af.mil/Portals/9/documents/civ_pers/AFD-150724-024.pdf?ver=2016-04-28-085219-410. All applications, with relevant attachments and CV must be submitted via email to 100fss.fsmc6@us.af.mil and received prior to the closing date.

Equal Opportunity Employer

There will be no discrimination in employment practices based on gender, age, marital status, disability, race, nationality, religion or beliefs, sexual orientation, being or not being a member of a trade union.
